

HÅG's mission is to bring movement and variation to the workplace. HÅG products stimulate intuitive and natural movement of the body and variation of sitting postures leading to improved health and productivity.

HÅG Creed Collection

- The HÅG Creed builds on the best from two original groundbreakers, the HÅG H04 and HÅG H05, by legendary designer Peter Opsvik.
- Powered as always by our trademark HÅG in Balance® movement mechanism, the HÅG Creed instinctively follows every postural shift you make, no matter how slight.
- The ingenious "4-in-1" adjustment wheel allows you to easily personalize the HÅG Creed by regulating the seat depth, backrest height and tilt-resistance, all in one simple movement.
- The HÅG SwingBack™ armrests have been redesigned to be squarer and more clean-cut, yet still enable a smooth transition between different positions.

Design: Peter Opsvik. Patent- and design protected.

CONFIGURATION OPTIONS

- HÅG SwingBack® armrests allows the armrests to be rotated out of the way and behind the chair so that you can move closer to your desk. You can also sit sideways (optional extra).
- Headrest gives you rest and support for shoulders, neck and head. The gap between the chair and the headrest allows more freedom of movement (optional extra).
- All models can be upholstered in textiles from the Flokk Standard-, Extended- and Curated collections.
- Armrests are optional and may be supplied with padded leather tops for extra soft tactility and exclusive touch.
